Format and Production

"You Say Killer, Say Daddy" is a serialized podcast hosted by journalist Rachel Monroe. The podcast follows Monroe as she investigates the 1994

murder of four young women in Oklahoma. Monroe interviews family members, friends, law enforcement officials, and other key figures involved in the case. The podcast's format is largely conversational, with Monroe guiding the narrative and providing updates on her investigation.

The podcast's production is particularly noteworthy for its use of archival audio and sound effects. Monroe incorporates recordings of police interrogations, 911 calls, and other relevant audio into the podcast's narrative. The sound effects create an immersive atmosphere, allowing listeners to feel like they are experiencing the events firsthand.

Ethical Considerations

"You Say Killer, Say Daddy" has been the subject of much debate over its ethical considerations. Critics have argued that the podcast sensationalizes the murders and exploits the victims' families for entertainment. They also note that Monroe's investigation is ongoing, and the podcast's release could potentially interfere with the ongoing criminal case.

Defenders of the podcast argue that it raises important questions about the criminal justice system and the role of the media in true crime. They also note that Monroe has been transparent about her investigation and has given the victims' families a platform to share their stories.

Impact on the True Crime Genre

"You Say Killer, Say Daddy" has had a significant impact on the true crime genre. The podcast's unique format and approach to storytelling have set a new standard for true crime podcasts. It has also sparked a conversation about the ethical responsibilities of true crime creators.

The podcast's success has also led to a surge in the popularity of true crime podcasts in general. In the wake of "You Say Killer, Say Daddy," several other true crime podcasts have emerged, exploring a wide range of unsolved crimes and controversial cases.

Impact on the Families of the Victims

The families of the victims in the "You Say Killer, Say Daddy" case have had mixed reactions to the podcast. Some have expressed gratitude for the opportunity to share their stories and for the attention it has brought to the case. Others have criticized the podcast for being insensitive and for exploiting their pain.

Monroe has been criticized for not giving the families enough control over how their stories are told. Some family members have felt that Monroe has sensationalized the murders and has not given them a fair platform to share their perspectives.

"You Say Killer, Say Daddy" is a complex and controversial podcast that has had a significant impact on the true crime genre. Its unique format and approach to storytelling have set a new standard for true crime podcasts. However, the podcast has also raised important ethical questions about the role of the media in true crime and the impact on the families of victims.

As the podcast continues to evolve, it will be important to monitor its impact and to ensure that the ethical concerns of the families of the victims are taken into account.
